

Basic Information

| | |
|-----------------------|---|
| Product Name | Unconjugated Pig IgG (H+L) |
| Catalog Number | BA1130 |
| Ig Type | IgG |
| Immunogen | Pig IgG (whole molecular) |
| Host | Pig serum |
| Purity | The antibody was purified from antisera by Protein A. |
| Format | Lyophilized |
| Contents | 10mg specific antibody; 0.01M PBS. |
| Method of use | Reagent dilution: the specific concentration is determined by the user. 0.01M PBS buffer (pH7.0-7.6), or 1% sodium acetate can be diluted. After dilution, it cannot be stored for a long time. After adding preservatives (such as 0.05%NaN ₃) and reagent grade BSA to 1%, the antibody can be preserved for a long time. When labeling antibodies, such as HRP, FITC, BIOTIN, etc., the reagents should not contain BSA and NaN ₃ . |
| Storage | At -20°C for 1 years from the date of receipt. Avoid repeated freezing and thawing. |
